

*Look where we are now . . . thanks to you!*

**Annual Report**

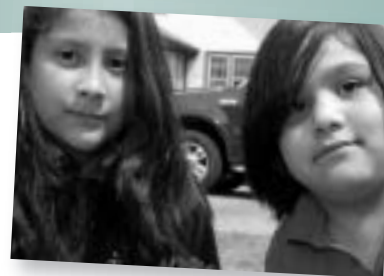

Risen Christ School

**2010**  
**2011**

Risen Christ School serves low income and immigrant K - 8 students in the Powderhorn Park neighborhood of south central Minneapolis.

HELEN DAHLMAN  
*President*

# *What you are giving is changing lives.*

**“This service  
that you perform  
is not only  
supplying the  
needs of God’s  
people but is  
also overflowing  
in many  
expressions  
of thanks  
to God.”**

**2 Corinthians 9:12**

Throughout this annual report you will read of the many ways you have impacted the growth and success of Risen Christ Catholic School and our students. Your support and generosity has been felt in all areas of school life. From academics to finances, faith formation to activities, fundraising and governance, you have been crucial to the realization of big dreams and the attainment of challenging goals. Your investment in the future of children living in the core city is changing lives.

A vibrant new vision was endorsed by our Board of Directors last February and builds upon the foundation you have crafted here with us through your generous support. That vision states:

*Risen Christ School embraces the values of K-8 Catholic education and its standards of excellence and seeks to embed them within a community school concept that incorporates services and programs designed and demonstrated to effectively raise children and their families out of poverty.*

This report details how that vision is now being realized in ways large and small throughout our school community. I hope you will enjoy this short look at where we are now and where we are going, thanks to you!

# Risen Christ School is Moving Forward with Energy and Vision

JOHN BANOVELTZ, *Chair of the Board of Directors*

## LOOK WHERE WE ARE . . .

Risen Christ School delivers a high quality, values-based Catholic education in a safe and nurturing environment to over 300 students in south central Minneapolis. Considering that greater than 90 percent of the students qualify for free or reduced lunch and over 60 percent of the students are English learners, fulfilling the mission of Risen Christ is no easy task. Yet, we are closing the educational achievement gap for its students and making a difference in the lives of the children and their families.

## . . . WHERE WE ARE GOING . . .

We've been able to accomplish much in the last year to help continue the success of Risen Christ School. Financially, the School operated on a balanced budget, despite less than 10 percent of the revenue realized through tuition. Educationally, the Board of Directors made a commitment to welcome students from the recently closed San Miguel School and will add about 20 former San Miguel students to our middle school for the 2011-2012 school year. Finally, through the work of a special committee of the Board of Directors, we've laid the foundation and framework for nutrition, health services and graduate support programs for the students and their families.

Risen Christ cannot exist without the dedication of its faculty, staff, volunteers and benefactors. On behalf of the Board of Directors, thank you for your time, talent and support. Your generosity makes a difference in the lives of our students and community.

## . . . IMAGINE THE POSSIBILITIES

# Student Academic Growth Soars

LIZ RAMSEY, *Principal*

We celebrate the academic success of our students during the 2010-2011 school year. This could not have happened without the support of the board and the hard work of our dedicated volunteers.

First graders led the way with 100 percent growth in reading. The children loved to read to an adult every day from a book at their level and all of that practice really paid off.

Our math results increased 11 percent over last year. The middle school students were particularly strong due to the individualized study programs devised by Ms. Prindle and implemented by the math tutors.

Eighth grade students made the connection between academics and real life as they worked with CEO's of Minnesota companies in the award winning "Imagine the Possibilities" program.

The table to the right shows the results of the Measures of Academic Progress (MAP) results for grades 1-8 in the 2010/11 school year. Growth/Proficiency = Percentage of students at any given grade level who made more than one year's worth of growth on 10/11 MAP assessments. Such accelerated growth is necessary to close the achievement gaps that so many RCS students bring to school with them.

## *Results of 2010/11 school year, grades 1-8:*

Grade	Growth/Proficiency	Growth/Proficiency
	Reading	Math
1	100%	84%
2	55%	48%
3	33%	65%
4	68%	82%
5	77%	40%
6	49%	61%
7	56%	59%
8	58%	59%

### MISSION STATEMENT

*Risen Christ Catholic School*

**Risen Christ Catholic School is committed to developing the spiritual, academic, social, physical and leadership gifts of all of our children. We promote collaboration with families and the community in order to affirm and embrace our cultural diversity within a safe, academically challenging and Christian learning environment.**

RISEN CHRIST TEACHERS  
AND TUTORS WERE VERY  
IMPORTANT IN MY STUDIES  
BECAUSE I UNDERSTAND A LOT  
MORE WITH THEIR HELP.

## I Am Inspired To Be and Do My Best

SHANTÉ,  
*Eighth grade  
student*

Risen Christ School prepared me for 8th grade by addressing my needs and the needs of all students daily.

One of the people who impacted me most is Dean of Students, Mr. Knight. He helped me through personal and educational problems—basically everything I needed to work on. We had discussions in Character Ed about what we wanted to be when we grow up.

My outlook on life is very positive, and I strive to be my best. One of the experiences at Risen Christ that influenced me was going to camp in 4th and 5th grade. It taught me how to face my fears and be more adventurous. Another experience is StarBase—I learned a lot about science and math, and more about planes and rockets.

Risen Christ teachers and tutors were very important in my studies because I understand a lot more with their help. They inspire me to do my best in all my studies so I can follow my dreams later in life.

Risen Christ is very important to me because I have been here since Kindergarten and throughout my nine years at Risen Christ, I have become more mature and disciplined.

I am very thankful for having Risen Christ be a part of my education.

## I Will Never Forget My Time at Risen Christ

I began attending Risen Christ School in 4th grade. When I got there, everyone treated me like I had been there for years. As the year progressed, I felt more comfortable around them. We knew as 8th graders the year would come to an end and half of us would never see each other again. So, we treated that year like it was our last, and sadly, it was.

My experience at Risen Christ prepared me for where I am now. I currently attend The Blake School and the workload is similar to Risen Christ in some classes. At Risen Christ the teachers pushed us to do our best.

If I didn't get an assignment, they would spend their free time helping me. It was like every student was a child of his or her own. The teachers were indescribable and amazing.

Many experiences at Risen Christ influenced me to do what I am doing now. The trust of my classmates really motivated me. If they needed help on assignments or if they had troubles in general, they would ask me for help and advice.

I will never forget my time at Risen Christ — everyday I woke up telling myself, "Yes I have school today!" Risen Christ also taught me how life is — it's not always picture perfect like many people would like it to be. I will never forget!

JUAN,  
*Former  
student at  
Risen Christ  
School*

# You Make Our Presence In The Inner City Possible

statement on Catholic schools published by the US Catholic bishops included this sentence: "Catholic schools are often the Church's most effective contribution to those families who are poor and disadvantaged, especially in poor inner city neighborhoods and rural areas."

When I look at the school's financial statements for the 2010-2011 school year, I think of those words because I am struck by the fact that tuition and parish support, the two bedrocks of Catholic school finances for many decades, only accounted for 11 percent of Risen Christ's income. We are serving an increasingly poor and immigrant community at Risen Christ: over 90 percent of our children qualify for free and reduced lunch and two-thirds of our tuition contracts went out in Spanish the 2010-2011 school year. The financial resources available to our families are very limited; without outside support we could not survive.

I am grateful every day for the ways supporters of Risen Christ Catholic School continue to make our presence possible in the inner city and for the families we serve. It is amazing what happens here with limited resources and unlimited dedication, and the only way we are able to make that "effective contribution" is through the support we receive from you.

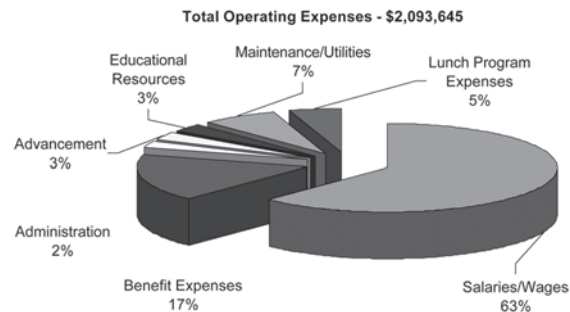

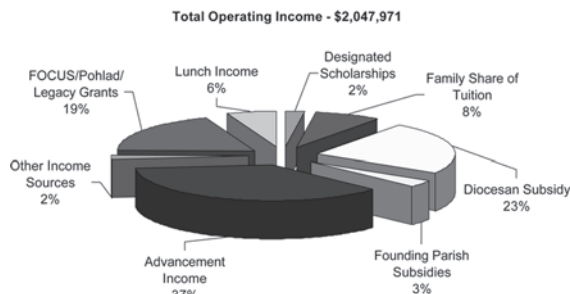

**"It is amazing what happens here with limited resources and unlimited dedication."**

**TIM DORNFELD**

*Director of Finance and Operations*

The figures below are meant to show, in a simplified manner, the inflow and outflow of cash during the fiscal year July 1, 2010 – June 30, 2011. Risen Christ School conducts an annual audit of its financial statements; that audit is available for review in the school's business office.

# What Do the Faces Tell Us?

FRAN RUSCIANO MURNANE, *Director of Advancement*

**How do we measure the power of giving?** At Risen Christ School, you can look into the faces of our children and of their parents and guardians. You'll see strength of character, hope carved out of resilience and a powerful resolve to move from insufficiency to security. These are the faces of inspiration, and your greathearted giving sustains that inspiration.

In order to better serve our children and families in a rigorous, faith-based educational environment, each year the Risen Christ Advancement Department strives to build ever more meaningful relationships with donors. The many faces of giving during the 2010-2011 school year include the following:

 Our board of directors and our advancement committee engaging more donors than ever before

 Donors raising \$434,000 through our annual Gala—a 21 percent increase over the previous year and 58 percent of all Annual Fund giving

 Volunteers of all ages generously donating their time, expertise, advice and skill to engage new and returning donors and to stage beautiful events, especially the Gala

 Our innovative *Imagine the Possibilities* program successfully matching area business executives as mentors to eighth graders; the program receiving the Best Program Award from the Minnesota Independent School Forum (MISF); all participating business executives committing to return to mentor again

Your contributions animate the faces and the lives of our students and their families with hope and resolve. Thank you for all manner of your bountiful gifts. You are an inspiration to each of us.

.....  
hope and resolve

## Volunteers Donate More Than 7900 Hours

MAGGIE MCCARRICK

*Director of Volunteers*

T

he motto of Risen Christ School is “Preparing children for success in work and in life.”  
Truer words could not describe the role of volunteers in the School.

Volunteers bring richness and genuineness to the School and to their interactions with the students, families and staff. Their gifts of kindness, patience, words of encouragement and dedication are priceless and difficult to measure, but they are real.

- Through their kindness and patience students receive one-on-one support in reading, math and writing
- Through their words of encouragement students gain the confidence to succeed
- Through their dedication countless hours of time are given to stuff envelopes, make phone calls, teach art, coach sports and support the running of the school

In 2010-11, 200 volunteers donated over 7,900 hours. According to the Independent Sector of Washington DC, the dollar value for volunteer time is \$20.85 per hour, a value of close to \$165,000 for Risen Christ School.

The Volunteer Program at Risen Christ School strives to offer volunteers meaningful roles and to recognize their impact on the school. In a survey of 2010-11 volunteers, 100 percent of the respondents said they would recommend volunteering at Risen Christ School to their friends—a true testament to the positive and worthwhile experience they have at the School!

### **The following are our 2010-11 Community Partners:**

- Cretin–Derham Hall High School
- Benilde-St. Margaret’s High School
- Holy Family High School
- St. Thomas Academy
- University of St. Thomas
- St. Olaf Church, Minneapolis
- St. Patrick’s Church, Edina
- Pax Christi Catholic Community, Eden Prairie
- Catholic Tutor Corp
- Senior Corp/Foster Grandparent Program
- University Retirees Volunteer Center

## The Impact of Risen Christ Never Stops

STEPHEN DELONG

*Risen Christ  
Class of 1998*

**R**isen Christ School helped lay the foundation for the person I am now and the person I am becoming. Not only did Risen Christ help prepare me academically, it also helped build my character in terms of being an honest, hard-working, trustworthy contributor to my community.

After I graduated, Anna Marie Byrne—one of my favorite teachers, provided me the opportunity to give back to the School by coaching basketball with Troy Sabal (Holy Rosary '93). Through coaching for several years I learned many life lessons, not only from the mentoring I received from Troy and Anna Marie but from the students I coached as well. One of the most striking examples is of teamwork and team building. For our team to succeed on the court we first had to succeed off the court and in the classroom. We had to learn to get along with one another and come together as a team before playing a game and only then could we be successful.

All my experiences at Risen Christ inspired me to do more not only for Risen Christ but for my community as a whole. Those valuable experiences also helped shape my career choice of working in the human services field. I have a bachelor's degree in Child Psychology and am currently finishing my master's in Social Work at the University of Minnesota. I've made it to where I am today because of the values and lessons I learned at Risen Christ School, and I will continue to carry all that I learned with me.

**ALL MY EXPERIENCES  
AT RISEN CHRIST  
INSPIRED ME TO DO  
MORE NOT ONLY  
FOR RISEN CHRIST BUT  
FOR MY COMMUNITY  
AS A WHOLE.**
